The Whitefish Bay School District

An Exceptional Place To Learn

February 20, 2018

Dear Whitefish Bay Families –

We are writing to provide you with important information about the closure of Lubar Stadium at Whitefish Bay High School, for a period of time this summer. We plan to replace the artificial turf on the field, and resurface the running track as well. For safety reasons, the entire stadium area will be closed for the duration of the project, which will take place June 11 – July 27, 2018.

While we understand use of our track and field may play a part in your summer planning, we need to be sure we can provide safe access for the use of our buildings and grounds. With students not in attendance, summer months offer an opportune time to provide contractor access for safe completion of these lengthy projects.

We hope that our early communication provides you with the necessary time to make other arrangements for your summer track and field activities. We look forward to seeing you again, once the project is completed and the area can be accessed safely.

We appreciate your understanding while we work through this project, and want to assure you that we will do our best to minimize inconveniences. If you have any questions, please feel free to call our Buildings & Grounds office at 963-3962.

Sincerely,

Brian Chase
Director of Buildings & Grounds
