

4th and 5th Grade Richards School Learning Fair Important Dates!

We are thrilled to have over 60 projects prepared by 90+ students for the Richards Learning Fair on March 14, 2018. Participants are encouraged to follow the [provided checklist](#) and confirm that your projects are on track for the final presentation during the school day on Wednesday, March 14th.

Planning and providing a process for participation is part of your commitment the Learning Fair. Please contact Mrs. Jones with any questions at susan.jones@wfbsschools.com

The Learning Fair - filled with new knowledge about Science, History or Math topics - will be open to the Richards Community, family members and friends on Wednesday night from 5 to 6 pm. Students should plan to take their presentations home with them at the end of the evening.
