

Dear Friend of the Arts,

We would like to invite you to **Richards School's Annual Art Show** on Thursday, April 26th from 4:30-6:30pm. Our theme for the show this year is "Animals". This *zootacular* exhibition will showcase artwork made by all of our Richards students. The media presented will range from two dimensional paintings and drawings to three dimensional clay and paper mache'.

In addition to student-created artwork from each grade level displayed, there will be two large collaboration art pieces, two photo opportunities and this year's Responding to Art (R2A) art works. The Responding to Art students have been observing, studying, reflecting on "famous works of art" and now will be showing their responses to all their learning through various media. These Responding to Art artists will be present at the art show from 5:30-6:30pm to answer questions and explain their learning.

Students have been working very hard this year in art class. Please join us in celebrating the arts as well as the talents and creativity of our Richards School students on April 26th!

Sincerely,
Andrea Beck and Sally Danforth
K4-5th grade Art Teachers
