The **Connects Before and After School Program** is a school-age child care program offered by the Whitefish Bay Recreation and Community Education Department. School-age care is offered at both **Richards** and **Cumberland Elementary Schools**. The goal of the program is to provide a safe, social environment with qualified caring adults so that all students feel welcome and secure. A variety of academic and enrichment opportunities are offered to enhance the intellectual, physical, social and emotional development of all students. High quality programming will be offered for students who need additional time, support and opportunities to learn. The Connects program follows the school calendar offering a **K4 Wrap-Around** care program and **Before and After** care for children grades K5-5<sup>th</sup>. In addition, **School's Day Out** care is offered to all attending Richards or Cumberland students on non-school days, early releases, winter break, and spring break.

**Registration begins on April 2, 2018 for the 2018-2019 School Year**
