

Milwaukee Field Hockey Club Summer Camp

TRY SOMETHING NEW!

Did you know that field hockey is the 3rd most popular sport in the world and played by both men and women! Imagine a fast-paced soccer game but with sticks...and you have your new favorite activity! Both boys and girls from grades 1 - 8 are invited to attend. You will learn all about the sport from a former Welsh international athlete and director of the Milwaukee Field Hockey Club, Tom Carter. Camp will teach the fundamental skills and rules required to be successful in the game and allow your athlete to win some amazing prizes courtesy of Milwaukee Field Hockey Club and 4Winners Field Hockey. Milwaukee Field Hockey Club will provide necessary equipment. We ask you provide your own mouth guard. Check out our staff and more about our club programs here: www.mkefhc.com.
