Dr. Erin Winkler is a widely published writer and speaker on racial and cultural identity. Professor Winkler will share research which will help adults understand their own racial and cultural identity. When adults understand this development process, they can help children and youth do the same in their lives.

The Whitefish Bay School District

An Exceptional Place To Learn

The School District of Whitefish Bay's guiding document is the District Focus Plan. Essential to the focus plan is respecting the diversity of our students. The district strives to foster whole child development in a supportive environment, as well as to pursue 21st century learning to advance educational excellence. The District is excited to co-sponsor this event with PACE³.
