

WFB School District Change in K-12 School Day Times

During the past several months, the District and WFB School Board have been reviewing data and research around the potential of changing school start times, which was recommended by the [District Calendar committee](#) in Spring 2017. This has included winter and spring 2017 calendar survey data collected from district families and staff, analysis of the sport and school activities impact, and sleep and adolescent sleep research from the American Academy of Pediatrics.

An update was given to the School Board at the February 28, 2018 Committee of the Whole (Specific information can be found [here](#)). Family communication was sent via the principal newsletters during the week of March 5, 2018, regarding the process and potential changes. The Whitefish Bay School Board approved changing school day times at the March 14, 2018 School Board meeting to better enhance learning for all students at all levels.

The Board understands that families and students will need time to make new arrangements for transportation and/or child care. Administration will be finalizing and communicating additional implementation details in the near future.

School Day Schedule Beginning with the 2018-2019 School Year

School	New School Time
Richards Elementary	7:55 - 3:05
Cumberland Elementary	7:50 - 3:00
WFB Middle School	8:05 - 3:20
WFB High School	8:15 - 3:35
