

## District COVID-19 Update

### January 6, 2023

**Weekly Update Data:** Weekly during the pandemic, the Whitefish Bay School District will publish a status update of active cases and those in optional quarantine due to exposure or presentation of COVID-19 like symptoms. This information is provided in an effort to be transparent with the level of virus activity within the District. Please note that information relative to any individual's health is HIPPA protected, very sensitive and private, so we are taking steps to secure the anonymity of individuals. We will provide a summary number for the District as a whole, and will continue to notify district families of COVID-19 cases in their school.

For more information on District COVID-19 safety information, please see the [Safety & Communications page](#) of our website.

Data related to the spread of the virus in our region can be reviewed using the [North Shore Health Department COVID-19 Dashboard](#) or the [CDC Community Level Dashboard](#).

### Guide to Weekly Metrics

**Active Cases:** This term refers to individuals with a self-reported COVID-19 diagnosis who are not considered recovered. This would apply to any individual who has not completed the required isolation period.

## **District COVID-19 Data Metrics**

Last Updated January 6, 2023

<b>School</b>	<b>Active Positive Cases Students &amp; Staff</b>	<b>Percentage Active Positive Cases Students &amp; Staff</b>
