Considering taking an AP class?

1. Make sure to watch the AP Padlet via your school email from Ms. Levek.
2. Are you willing to be actively engaged in every class - this is a student responsibility! APs do not have room to sit back and just 'get answers.'
3. Think about your habits of mind and academic demeanor. Are you intellectually curious?
4. Is there room on your plate to juggle the workload of an AP course? What does your day look like from 4-11pm?
