

WHITEFISH BAY

COMMUNITY GARDEN

BUSINESS SPONSORSHIP INFORMATION

Taking Root...

Dear Business Sponsors,

The Whitefish Bay Community Garden provides food for our local communities in need and empowers all WFB residents to grow healthy food by providing resources, organizational capacity, space and logistical assistance. With each growing season, the garden provides an abundant amount of nutritious food and educational opportunities.

Though our harvest has been stable and we have been able to widen our outreach efforts, it relies solely on community donations and business sponsorships.

This challenges the Community Garden's sustainability and limits our continued success in the long term.

Let's grow better together, to increase food security, educational opportunities and maximize our village's beautification through the garden. All we need is your financial gift to help us take root.

Together we grow,

Carin Keland Recreation Director
Whitefish Bay Recreation
Department

GROWING COMMUNITY ONE SEED AT A TIME.
