

Join the Richards FIRST LEGO League Jr. and embark on

FIRST LEGO League Jr. is designed to introduce STEM concepts to kids ages 6 to 10. Guided by adult coaches, students build models using LEGO® Education WeDo 2.0 and create Show Me posters to present what they learned. The program focuses on building interest in science, technology, engineering, and math (STEM) through a real-world challenge – to be solved by research, critical thinking, and imagination.

Participation is open to Richards students in grades 2-4

Teams will meet for approximately 10 weeks, beginning in January 2019, culminating in a FIRST LEGO League Expo in March.

For more information, or to sign up to be on a team or to be a parent coach, please email Mariya Lazebnik mariya.lazebnik@gmail.com.

We need parent coaches! Participation in the program is limited, and preference will be given to students with parents who are willing to coach.
